SUBJ. : Broadcasts in Whiteruthenian (Byelorussian) language

Dear Sir,

The members of the Union of Whiteruthenian (Byelorussian) Veterans express their most sincere wish to hear transmissions given by the "Voice of America" in their native language.

Some words in this language could be heard by the Whiteruthenian guerillas and encourage them in their fighting down the communistic oppression in their native Country.

Very truly yours,

*Kruschel*
